## CONCESSIONAL LICENCE

### GET YOUR VEHICLE READY FOR EARLY INSPECTION

Inspection of all concessionally licenced vehicles will be held one month earlier this year as I will be away in July, the normal time the DPI require the reports to be submitted.

Inspections at Northam and Gidgegannup will be in March and April. Other areas, by arrangement with the scrutineer. If you are going to be away in March and April or intend to be too sick or too busy working, contact your scrutineer and get it done earlier.

It is YOUR responsibility to have your vehicles inspected. Not my job to chase you up. If the DPI put your vehicle on full license don't blame me and I won't be here to sort it out. You could also be up for stamp duty and a DPI inspection when it goes to full.

If you have a vehicle nearing completion and you intend to get it on to concessional license during July / August please get your letter from me before then. You will need to pay '08/'09 fees early.

#### BUYING A CAR ?:

If you buy a vehicle on full licence, and intend to have it on concession, DO NOT put the transfer papers in until you have the concession papers ready to go with them or else you will pay stamp duty! You have 14 days from purchase to do the transfer.

Andrew Wells  
Registrar

Yours Sincerely 

Hon. Secretary, Albany and Districts Branch of the V.C.C. of W.A. (Inc)

Ken Devine (08) 93905310

A club member called in to look at the progress I had made in restoring my vintage vehicle. He then invited me to come to his home to see the progress he had made with his restorations, especially his *big* project.

Arriving at his home I was impressed by the look of his house built of solid material and the magnificent view he has from his property built high above the surrounding countryside. He also has a variety of animals on the property which impressed me greatly.

The project he is restoring turned out to be a large V8 with dull paint and flat tyres. On further inspection I found there was much more to be seen with a complete array of spare parts and a magnificent workshop with all the tools one could need for any restoration.

Back to the house a super meal awaited with a friend dropping in to share it with us. The talk was about old-time farming and present day farming.

Before leaving I was shown the back of the house which I can only describe as a modern day Garden of Eden with rocky outcrops, fishponds and an array of plants to compliment the scene and a waterfall to finish off this magnificent setting.

The whole setting gave one a feeling of coolness on the hot days we have experienced.

Theo Bekkers

### **Interesting fact.....**

If a statue in the park of a person on a horse has both front legs in the air, the person died in battle.

If the horse has one front leg in the air the person died as a result of wounds received in battle.

If the horse has all four legs on the ground, the person died of natural causes.
